The information will be processed normally within 3 business days and the results returned to you by e-mail, or regular mail. Remember, our accuracy depends on your accuracy.

A rough sketch of the perimeter of the home and location of rooms is very helpful. Measurements on drawing not required. It is helpful just to see a layout per floor showing direction. Exterior photo's is good idea for reference of exposed walls.

Thank you for doing business with Comfort-Calc.

(1) Room Name _____ What level is this room on? _____

(2) Room Size _____ X _____ (3) Ceiling Height _____ (If cathedral average height)

Ceiling Information(4) Is a heated room above? _____ If yes, does it cover this ceiling completely? _____ If **not** how much of this ceiling is exposed to attic _____ X _____ **Note:** Some homes the second floor rooms do not cover the first floor rooms completely. For example a Cape Cod. See attached drawing.

(5) How much ceiling insulation? _____ (If heated above use an X)

(6) Is there a skylight? _____ If yes, approximate angle _____ Degrees Size _____ X _____

(7) Skylight Glass Type _____ Skylight Construction _____

Wall Information

(8) Wall Construction _____

(9) Side Wall Insulation R-Value _____ or thickness _____ " Exterior Insulation

(10) If room is in a basement what is the amount of wall exposure above grade _____ (11) Have fireplace? _____

(12) Exterior Door size: _____ " X _____ " Door Type _____ Fireplace Info

(14) Size of Door glass: _____ " Door Windows

(15) Direction _____ (16) Window Covering

(17) Storm Door _____ (18) Are there windows in the storm door?

(18) Exposed Walls:

Direction	Length	Unconditiond or Exposed
